I found an earlier reference in the April 2018 meeting notes. But I'm not finding the July 2018 meeting notes. Am I missing something?

It's in the meeting notes from July 2018, third page, fourth paragraph. There are probably other references to it as well in earlier months if you want to go through all the notes. I know that Jesse mentioned it at a couple of meetings leading up to that one....

Jesse.

Can you guide me to the EPA minutes for VB/I-70 OU2, where you stated that EPA will change the CAG from monthly meetings to quarterly?

We want to reference that in a letter to the CAG about why we are not attending the monthly CAG meetings, unless specifically requesting information from us.

Thanks, Fonda
